

The Pregnancy Guarantee

At Scotch On The Rocks, we stand behind the genetics we offer.

The seller guarantees **one confirmed pregnancy per embryo lot**, provided the following conditions are met:

- Embryos must be implanted within **365 days of the sale date**
- All embryos must be transferred by a **certified technician** at one of the following approved facilities:
Trans Ova, ReproLogix, or Boviteq
- Recipient females must be **program cows** (not from the buyer's personal herd)

Other facilities may be used **only with prior approval** from the Sale Committee.

If these conditions are met and the buyer does not achieve at least one confirmed 60 day pregnancy, the seller will provide **additional embryo(s) of equal value** in a timely manner at no cost until a pregnancy is obtained.

Additional Terms

- This guarantee applies only when embryos are handled and transferred according to approved and recommended protocols.
- No guarantee is offered if embryos are implanted outside of approved facilities or into unapproved recipient cows.
- The guarantee is **non-transferable** and applies only to the original buyer.

For questions regarding this guarantee or to request approval for alternative arrangements, please contact: **Sterling Reichenbach — 517-282-8175**
